At the time of writing this productivity report, many team members are still working on their features and those haven't been committed/pushed yet. The numbers may be skewed and not an entirely accurate representation of the team's productivity. Rafey was responsible for fixing a lot of the issues in our documents and has smaller sized commits, which is why he has a higher count. Whereas the others may have done larger, but fewer commits.

Additional commits: Avanish had 2 extra commits from other branches not yet merged into main.

## 6 Issue Tracker

Student	Authored (O+C)	Assigned (C only)
Avanish Ahluwalia	0	0
Russell Davidson	0	0
Rafey Malik	3	0
Abdul Zulfiqar	0	0

We didn't have many issues, as they were only for team meetings and lectures. The work was assigned informally, therefore no assigned issues.
